"Someone's sitting in the shade today because someone planted a tree a long time ago."

- Warren Buffett

"A seed hidden in the heart of an apple is an orchard invisible."

- A Welsh proverb

Dear Students,

The arrival of the 2010-2011 **Junior Alibi** means that another year has ended in your elementary school journey. And just like this tree, you will continue to grow and "put down" the kind of roots that will anchor you for a lifetime of learning beyond the classroom. On behalf of your teachers, I want to thank you for an unforgettable year! I hope you enjoy the memories contained in these pages.

Mr. Ric Anderson

"The creation of a thousand forests is in one acorn."

Our Grade 6 Class

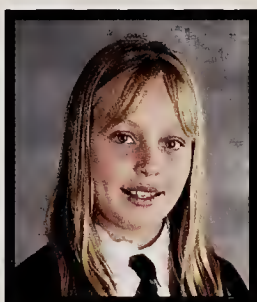

Ronan Anderson

My eight years at Albert College have flown by. It seems just like yesterday that I was starting Junior Kindergarten. I will never forget all of my teachers, friends, and learning opportunities at ACJS. One of my favourite memories was playing Jean Valjean in "Les Misérables" last year and all of the great times and special events, but now it's time to say goodbye to ACJS. The years here have been unforgettable! Thank you for an incredible start!

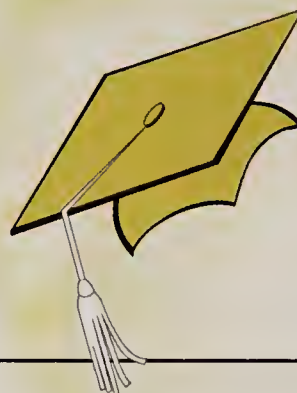

Mitchell Archer-Pope

I've been here eight years and it went really fast. I will miss all of the teachers, friends, and staff at ACJS. My favourite trip was going to Canada's Wonderland and riding the Behemoth 13 times! Goodbye ACJS, and of course Baker rules! Thank you Mrs. Semple and Mrs. Burt for the great lunches....chicken nuggets all the way!!!!

Ava Guse

Thanks to the Junior School. I really enjoyed being here because the teachers helped me a lot and the field trips were very fun. My favourite trip was Canada's Wonderland because we had all day to go on rides. The teachers and classes were great and I am sad about going to the senior school and leaving this school behind.

Ethan Harrison

I know that I have only been at Albert College for one year, but I have been welcomed so well by so many people that I feel that I have been here for eight years like most of my class. I know that I made the right choice coming here because Albert College has helped me realize my full potential in sports and academics.

2010 - 2011

Robin Jans

I came to Albert College in Grade 3. As soon as I came, I felt welcomed into the school. Everyone was nice to me and I learned a lot. When I go to Grade 7, I'll miss everything at the Junior School, but I am looking forward to meeting new people and teachers in the Senior School. Grade 7....here I come!

Colum Joyce

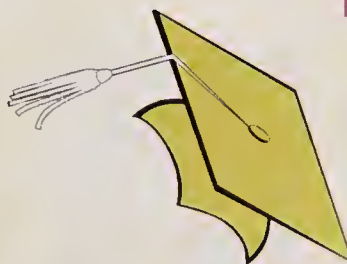

I have been in Canada for three years and three months and this has been the best Canadian school I have ever seen. At Albert, it is the cool people, students, and staff that I like. I may not be the greatest student, but Albert has made me a better student. Graham is the best....peace out!

Kaitlin Kawam

I haven't forgotten my first day at ACJS in Grade One with Mrs. Anderson. My six years here have been the best years of my life. I have met many friends that will be in my heart forever. They have always been thoughtful and supported me all along. I also have enjoyed playing with the kindergarten kids. They are so sweet and funny. I would also like to say a big thank you to all of the teachers who have taught me and for getting me this far. I will never forget this school and all the amazing friends and teachers I have met. I will really miss you guys! Thank you!

Una Lajic

My wonderful four years at the Junior School will always stay with me. I enjoyed making new friends and all the activities we did together. I have also learned new things and faced new challenges. The teachers helped me become the best that I can be and without the coaches, Albert wouldn't have won the basketball tournament this year! I feel my participation in the Junior School has prepared me for Grade 7 and beyond. Go Panthers!

Amanda McCullough

In Grade One I thought about Grade Two, in Grade Two I thought about Grade Three, in Grade Three I thought about Grade Four, in Grade Four I thought about Grade Five, in Grade Five I thought about Grade Six. Finally, in Grade Six I thought about my six years at ACJS!

Emma Moeck

The many supportive teachers at the Junior School have helped me become a more confident student and have helped me succeed. I owe a special thanks to them for preparing me for the coming years at the Senior School. I also must praise Mme Proulx for her creative teaching methods that helped me become more confident in French. I am excited that next year I will be going to the Senior School, but I will not forget my fun experience at the Junior School.

Jordan Phillips

The last eight years at Albert College have been the best! I'm going to miss all the teachers and students at Albert. I've had so much fun at Albert College Junior School. I'm looking forward to getting lockers, new teachers, and new students next year. It is going to be a blast at the senior school!

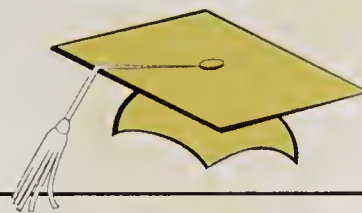

Spencer Phillips

Wow!!! Eight years have gone fast. I've had so many great times here and they were all great. I would like to thank all the staff members for helping me become a smarter and better person. Thank You!

Amber Saar

My last four years at ACJS have been a blast. I will never forget everyone that I have met. I loved all of the trips, especially Canada's Wonderland and the ski trip. Thank you!

Simkirat Sidhu

I can't believe it's already time for me to graduate from Grade Six!! It feels like just yesterday when I walked into Kindergarten and introduced myself to my classmates. When I leave to go to the Middle School, I will always remember the great memories I had in the Junior School. I will hold those memories in my heart forever. As I say farewell to you, I'd like to thank all the teachers and staff for making it feel like a family here. I loved every minute I spent in this school. I also want to thank Mr. Anderson for making ACJS the best school ever!! I will always come and say hello from the senior school. Thank you A.C.J.S!!!!!!!!!!

Emily Stevens

I would like to thank all of my teachers for encouraging me to work hard and never give up. I had a great first year and I would like to thank everyone for making it so amazing. I will miss everyone as I head off to the Middle School. I wish everyone the best of luck!

Autumn at AC!

In the other gardens
And all up the vale,
From the autumn bonfires
See the smoke trail!

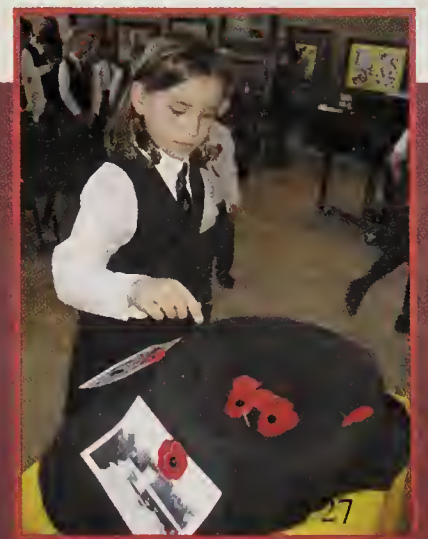

Pleasant summer over
And all the summer flowers,
The red fire blazes,
The grey smoke towers.

Sing a song of seasons!
Something bright in all!
Flowers in the summer,
Fires in the fall!

Can I dream of a future with healthy streams?

Stream of Dreams

Watershed ecology workshops and our own "dream" fish!

Special thanks to our Junior School custodian, Mr. John Schell, and his wife Maisie, who cut-out and prepared over 150 wooden fish for our project!

WHAT IS "STREAM OF DREAMS"?

Eco-Education with a focus on local watersheds, streams, rivers and the ocean

Where is your local stream?
Where does the water come from?

Where does it go?
How do storm drains work?
Where does your drinking water come from?

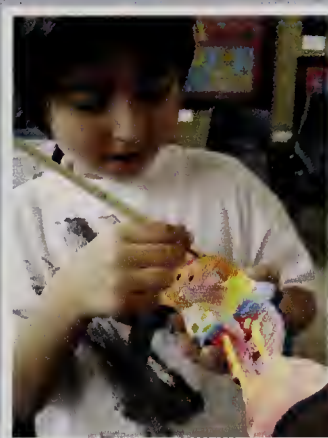

What changes in behavior can we all make
to protect water and fish habitat?

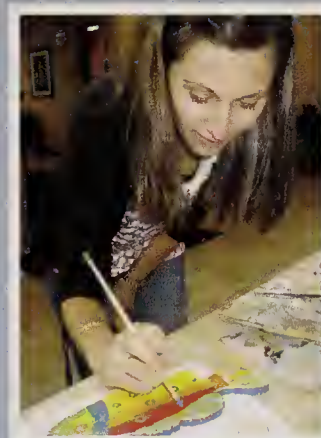

GRADE 1 Students learn about their local waterway in the Quinte region. Spray bottles help to simulate rainfall showing how a drainage basin works!
